## Foglight for SQL Server Micro Offering

We understand the need for expert skills delivered in the most cost and time-efficient manner possible, which is why we created the Foglight for SQL Server Micro Offering.

Some clients have very large environments that require large scale projects where others simply do not. This offering is specifically geared to get the new Foglight for SQL Server client “up and running” as quickly and most cost-efficiently as possible

### So how do I get started?

- The 1<sup>st</sup> step is ordering the Foglight for SQL Server Micro Offering from the webpage, or by calling us directly at 888-667-2621.
- We then schedule a Readiness call and then the Micro Offering.

### What's next?

- **Readiness Call:**
  - Scope the size of server needed for the Foglight Management Server
  - Create and deliver a detailed preparation list
  - Create and deliver a Micro Project Plan to ensure efficiency
- **Foglight Installation & Configuration:**
  - During a scheduled WebEx session our Quest Certified Foglight Expert will work closely with the Foglight Administrator to install and configure:
    - Foglight Management Server (FMS)
    - Foglight SQL Server Cartridge
  - Once the FMS and SQL Server Cartridge has been installed and configured any additional time will be used for knowledge transfer, rule configuration, and/or site specific documentation, depending on the client's goals.

### What if we need additional time?

- Some clients prefer we do the preparation work while others need additional knowledge transfer. Regardless of what the need for extra time is we can accommodate via our online ordering system.

## Time Allocation

- Readiness Call
- Preparation List Created
- Micro Project Plan Created

Time: 2.5 Hours

- **Foglight Installation and Configuration**

- Ensure preparation is completed (or finish it, if not).
- Install and Configure FMS
- Install and Configure SQL Server Cartridge

Time: 17.5 Hours

- **Time Permitting**

- Knowledge transfer
- Set up rules
- Site specific documentation

**Total Time: 2.5 Days (20 hours)**

## LeadThem Consulting Services

---
