

Exchange Migration Reality Check

Why an Exchange Migration Reality Check?

- Messaging is without a doubt one of the most business-critical applications in your environment. It is also one of the most complex to manage.
- Whether you are migrating from an existing Exchange environment, GroupWise or Notes, this exclusive offering will ensure you don't waste your money or your resources.

Who will benefit?

- Those unfamiliar with all the issues and perceived risks related to an Exchange migration
- Clients who are uncertain how to begin a Exchange migration
- Companies uncertain of the Exchange object dependencies required to execute a Exchange migration
- Staff concerned with what features, if any ,they should be looking for when choosing a 3rd party migration tool

Key Advantages

- Receive a blueprint for approaching a risk free Exchange migration
- Eliminate the risks and delays that can result from a complex Exchange migration project
- Have skilled consultants address any unforeseen issues that could surface during a Exchange migration

LTC's Service Delivery Approach

- Conduct a planning session that defines/establishes: the migration requirements, drivers behind the project, migration timelines, and perceived migration risks
- Reviews the current networking and messaging infrastructure while gathering an understanding of the proposed target environment
- Defines and documents a high level Exchange migration process tailored to your environment to eliminate wasted efforts and dollars

LTC's Service Deliverables Include:

- Migration Planning Session
- High level, Migration plan cookbook document

This Reality Check Service offering is currently available for \$3,300
